On 24 April 2013, the Management Board of the Company resolved to carry out a cross-border merger (the "Merger") of the Company and Conpidon Limited, in which the Company has 100 per cent of the shares in the share capital. The decision to conduct the Merger of the Company and Conpidon reflects the belief of the Management Board of the Company that the Merger is the fastest and most effective way to streamline the structure of the Midas Group. The long-term goal for the Merger is for the Company to directly hold 100 per cent of the shares in the share capital of Aero2, which is in line with the strategy of the Midas Group. The Merger of the Company with Conpidon will be effected by way of: transferring to the Company, as the sole shareholder of Conpidon, all of the assets of Conpidon via universal succession, and dissolving Conpidon without liquidating it, in accordance with the provisions of the Commercial Companies Code (the "CCC"), the Companies Law of Cyprus and the provisions of Directive 2005/56/EC of the European Parliament and of the Council. Following the Merger, the Company will, as of the date of the merger, enter into any and all rights, obligations, assets and liabilities of Conpidon. Pursuant to the CCC, due to the fact that the Company holds all of the shares in Conpidon, the Merger will occur without increasing the Company's share capital, and the merger plan will not be evaluated by an expert. Detailed information about the proposed merger was published in Current Reports No. 14/2013 and 15/2013. On 17 May 2013, the Management Board of the Company prepared and published (Current Report No. 20/2013) a Report of the Management Board justifying the Merger. On 21 June 2013, the OGM passed resolution No. 21/2013, pursuant to which it approved the Merger and authorised the Management Board of the Company to execute all actions required to perform the merger procedure.

On 25 April 2013, a plan was agreed and signed for a merger by takeover between the companies Aero2 (as the acquiring company) and Nova Capital (as the target company), in which Aero2 held a 100-per cent interest in the share capital. The decision to merger the two companies resulting from the desire to optimise and streamline the ownership structure of the Group. It was decided that the merger of Aero2 and Nova Capital will be made on the basis of the provisions of the CCC, in consequence of which: (i) Nova Capital will be wound up without liquidation, and (ii) all of the assets and liabilities of Nova Capital will be transferred to or taken over by Aero2 under universal succession, and (iii) Aero2 will enter into all the rights and obligations of Nova Capital. On 4 June 2013, the Extraordinary General Meeting of Shareholders of Aero2 and the Extraordinary General Meeting of Shareholders of Nova Capital adopted resolutions on the merger of those companies as set out in the above merger plan. The merger was registered in the NCR after the balance sheet date (information on that subject is found in Note 31).

30. Treasury shares

On 8 April 2013, Midas S.A. sold 5,000 treasury shares in an ordinary session transaction on the regulated market of Giełda Papierów Wartościowych S.A. in Warsaw. Information about the above transaction was published in Current Report No. 9/2013.

31. Subsequent events

On 31 July 2013, the District Court for the City of Warsaw, 12th Commercial Division of the National Court Register, handed down a decision to register the merger of Aero2 as the acquiring company with Nova – the target company, by way of transferring all of the assets of the target to the acquiring company.

On 1 August 2013, the companies Aero2, CenterNet and Mobyland (the “Guarantors”) concluded with Alior Bank S.A. (“Alior Bank”) an guarantee agreement for the joint security of the Company’s liabilities from an Investment Credit Agreement in the amount of PLN 150 million, for the duration of the Credit as set forth in the Credit Agreement, i.e., until 31 March 2018. The amount of each of the above joint guarantors was set at PLN 300 million. The Company points out that each of the Guarantors is an entity which is a 100-per cent subsidiary of the Company, whereas no ties exist between the Guarantors and Alior Bank or between the Company and Alior Bank. The Company published information on this event in Current Report No. 31/2013.

On 7 August 2013, the Company received notification from Aero2 on the submission by Aero2 on the same day of two orders covering RAN- and SITE-type services, of which the total value calculated on the basis of a 5-year period of services covered by those orders is PLN 466.4 million. The above orders were submitted as part of implementing a cooperation agreement within the scope of the mutual provision of telecommunications infrastructure services (the “Agreement”) concluded by Aero2 on 30 March 2012 with Polkomtel Sp. z o.o. (“Polkomtel” or a “Party”, and jointly with Aero2 the “Parties”), about which the Company report in Current Report No. 22/2012 of 30 March 2012. The order having the greatest value submitted by Aero2 after 9 November 2012 as part of the implementation of the Agreement is an order of 7 August 2013 concerning RAN-type services (the “Order”) having a value of PLN 354.5 million. The RAN-type services covered by the Order will be provided under the conditions set forth in the Agreement in every location for a period of 5 years, counting from the date on which Polkomtel announces its readiness to provide services in a given location in accordance with the provisions of the Agreement. The Order does not regulate the issues of compensation or contractual penalties – in this scope, the general conditions resulting from the Agreement apply. The other conditions of the Order do not diverge from those generally applied in this type of transaction. The Company published information on placement of the above orders in Current Report No. 32/2013.

In its ruling of 13 August 2013, the SAC dismissed cassation appeals by PTK Centertel and PTC (currently T-Mobile) against a decision in which the PACW upheld a decision of the President of the OEC granting frequency reservations in the 900 MHz range to Aero2. A detailed description of that event is contained in pt. 5 of the “Report of the Management Board on the operations of Midas S.A. for the first half of 2013”.

On 23 August 2013, the subsidiary Aero2 made partial repayment of a loan granted to it by Invest Bank. The value of the repayment was PLN 6,000,000. As at the date of publication of these condensed consolidated financial statements, the principal balance remaining to be repaid is PLN 43,601,000.
